Inside news for inside Epcot

May 28 - June 3, 1995

FLOWERS, FLOWERS EVERYWHERE!

EPCOT '95 - The gardens of Epcot are bursting at the seams during the **Epcot International Flower & Garden Festival**, presented by *Better Homes and Gardens®*.

The festival, which **concludes on Sunday, June 4**, offers daily conducted tours of Epcot gardens, as well as greenhouses and backstage growing areas. Lectures are presented daily by internationally known horticulturists and Disney experts. This week, **Craig Tufts**, Chief Naturalist for the National Wildlife Federation, discusses **"Backyard Biodiversity: Gardening for Butterflies, Frogs, Birds, and Other Critters"** on Friday and Saturday in the Festival Center. See page 2 of *The Epcot Insider* for lecture times.

Other show highlights include garden workshops, a rose walk, an innovative home hydroponics exhibit, an expansive floral "painting," and the WALT DISNEY WORLD Resort debut of new topiary figures from *The Lion King*.

In addition, the **Epcot Big Band Series,** which is being held in conjunction with the Flower & Garden Festival, concludes on Sunday, **May 28** with **The Glenn Miller Orchestra, conducted by Larry O'Brien.**

EPCOT INTERNATIONAL FLOWER & GARDEN FESTIVAL
Presented by Better Homes and Gardens.

SEE WHAT'S NEW IN INNOVENTIONS

INNOVENTIONS - **Innoventions** continues to showcase the newest technological breakthroughs for home, school, and work.

The **Magic House Tour** in Innoventions East is home to several new products, including the **Powermate,** a prototype from **Apple** that is a vision of what computers may be in the near future--information appliances that are placed in livable environments like your kitchen or living room.

In Innoventions West, **AT&T** has created an actual testing lab staffed by top **Bell Labs** researchers to develop new technology with Innoventions guests in focus group settings. Bell Labs is the preeminent testing laboratory in the world for this kind of technology. Nearby, the Italian company **Infobyte** presents a virtual reality look at St. Peter's Basilica in Rome both as it exists today and as it existed in the 15th century.

INNOVENTIONS PLAZA FOUNTAIN

A short **"fountain fantasy"** featuring jumping water synchronized to music is presented approximately every 15 minutes between 8:30am & 10:30pm daily.

Guest Artisans

- **Kerstin Klepke** of Goebel - at *Glas und Porzellan* in the *Germany showcase* through July 31.

This Week at Epcot '95
